Contour Mouse is an ergonomically designed mouse, available in five different sizes that support you comfortably, regardless of whether you are right or left handed. Contour Mouse allows your hand and arm to relax, all without losing precision. It’s a mouse which has survived the test of time, and now we’ve made it wireless.

Perfect Balance of Ergonomics and Productivity

- Pronounced arch promotes proper alignment of hand and wrist
- Elongated buttons for optimal button click
- Thumb mounted scroll wheel for easy access
- “True” three-button design - good for design applications

Free From the Wire

- New wireless technology
- Built-in rechargeable battery
- Up to two weeks of battery life
- Includes a micro USB charging cable
Button Functions

Contour Mouse has five buttons, including a proper, full-size third (middle click) button. The three buttons on top are elongated so that your fingers can rest and click without having to flex.

Find Your Size

Your hand should be able to rest upon the Contour Mouse and support your full palm from underneath. To find your perfect size, you should measure the length from the tip of the middle finger to the first crease of the wrist.
